

Region IV holds turn-over ceremony for regional governor

In the presence IIEE - Region IV Chapter Officers and IIEE National Presidents Engr. Hipolito Leoncio (2008 National President), Engr. Arthur Escalante (2009 National President) and Engr. Gregorio Guevarra (2010 National President), Engr. Larry C. Cruz, Outgoing 2009 Region IV Governor officially turned over to Incoming 2010 Region IV Governor Eng. Florencio Berenguel the leadership of IIEE Region IV in a simple but meaningful ceremony held last December 5, 2010 at The Mills Country Club, Carmelton, Canlubang, Calamba City.

The first ever formal turn-over ceremony in the regional level is a manifestation that the leadership in the region and activities that benefit the members will be ensured of continuation. This important event was held during the final leg of Journey to Unity (J2U) for 2009 hosted by Central Laguna Chapter.

Prior to the actual turn-over ceremony, there was a team building thru sports/fun games like bowling striker, billiard spotter, basketball sniper and shooter participated in mostly by 2010 Region IV Chapter Officers who also had their inductions on the same day.

The team building complements the turn-over ceremony and induction of chapter officers for the smooth transition of leadership and enhance further the strong ties of members in the region after a successful J2U for the last two years.

Engr. Larry Cruz reported the accomplishment of Region IV under his leadership for two consecutive years, from 2008 to 2009 foremost of which is the building up of unity, oneness and camaraderie in the region as a result of the now famous J2U during his valedictory address while Engr. Florencio Berenguel presented his plan of actions for another successful year for the region.
